**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a residential consumer and I support broadband competition. Competition is a key ingredient in our capital markets and important to keep the larger companies in check. Most importantly, consumers benefit from competition.

Broadband is a critical part of every home and it is important to keep prices low while providing the best service.
